#### 警告

在您開始玩遊戲之前，請詳讀 Xbox 360® 主機說明、Xbox 360 Kinect® 感應器手冊、以及其他任何周邊裝置手冊上的重要安全與健康須知。請妥善保留所有手冊，以供日後參考之用。如需替換硬體手冊，請前往 [www.xbox.com/support](http://www.xbox.com/support)。

#### 進行視訊遊戲的重要健康警告

##### 光刺激誘發癲癇症

有極少數的人在觀看一些視覺影像時可能會突然癲癇發作。這些影像包括電玩遊戲中出現的閃光或圖形。甚至連沒有突然發病或癲癇史者也可能在進行電玩遊戲時，出現類似癲癇症狀。這類未經診斷的症狀稱為「光刺激誘發癲癇症」。

癲癇症狀包括頭昏眼花、視幻覺、眼部或臉部抽搐、手腳痙攣、暫失方向感、精神混淆或者暫時失去意識。癲癇發作時可能因為失去意識或抽筋之故，跌落地面而受傷或碰撞到周遭物品。

若出現以上所述任何症狀，請立即停止該遊戲並送醫診斷。家長應該在場看顧或者詢問其是否有以上症狀。相較於成人，兒童及青少年更有可能發生此類癲癇症。若要降低誘發光刺激誘發癲癇症的風險，可以進行下列預防措施：

- 待在距離螢幕較遠的地方
- 使用較小的螢幕
- 在照明充足的室內進行遊戲
- 不要在感覺疲累或倦怠時進行遊戲

如果您自己或您的親友有癲癇史，請在進行遊戲之前先與醫師諮詢。

**WARNING** Before playing this game, read the Xbox 360® console, Xbox 360 Kinect® Sensor, and accessory manuals for important safety and health information. [www.xbox.com/support](http://www.xbox.com/support).

#### Important Health Warning: Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people with no history of seizures or epilepsy may have an undiagnosed condition that can cause "photosensitive epileptic seizures" while watching video games. Symptoms can include light-headedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, momentary loss of awareness, and loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects. **Immediately stop playing and consult a doctor if you experience any of these symptoms.** Parents, watch for or ask children about these symptoms—children and teenagers are more likely to experience these seizures. The risk may be reduced by being farther from the screen; using a smaller screen; playing in a well-lit room, and not playing when drowsy or fatigued. If you or any relatives have a history of seizures or epilepsy, consult a doctor before playing.

A detailed promotional artwork for the video game Lost Planet 3. The scene is set in a snowy, industrial environment with a large, dark, mechanical structure on the left and a tall, skeletal tower in the background. In the foreground, a female character with a ponytail, wearing a black and gold suit, is aiming a large, futuristic weapon. Next to her, a male character with a beard, wearing a green and gold suit, is kneeling and firing a handgun. In the background, another soldier is visible, and a large, multi-limbed alien creature is being fought. The ground is covered in snow and fire, with sparks and smoke rising from the battle. The title "LOST PLANET 3" is prominently displayed in the center-right, with a green arc highlighting the number 3.
